

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 20, 1995

SUBJECT: **SB 1566 - HB 1494**

This bill, if enacted, will amend the Psychology Practice Act by increasing the board members' per diem rate from \$50 per day to \$100 and removes the \$1,000 maximum per diem allowed per fiscal year for each board member. This bill also provides that applicants who have passed the written test are eligible for a temporary license until receipt of a written notice of revocation. Individuals completing a one year post-doctoral supervision for their health service provider designation and who fail their exam may keep their license until the results of the next exam.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures of \$4,200 for additional per diem cost. Existing board revenues are sufficient to cover these increased expenditures, according to the Department of Health.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
